

Memo

Date: June 10, 2011

To: Line Officers
District Presidents
Past Department Presidents
Department Chairmen.

Department Headquarters has been notified of the following:

We have a good report on Gary Anders, State Jr. Vice Commander. Gary was admitted to West Penn Hospital in Pittsburgh, PA. Since his admission he has been responding very favorably to his chemo treatments. He is eating well, Alice indicates he has color again and he is very jovial with the nurses.

Unfortunately Gary will not be able to be with us at State Convention, but we know he will be thinking about us as each day progresses. Alice has asked that we send Thinking of You/Get Well Wishes to Gary at the following address:

Gary Anders
West Penn Hospital
4800 Friendship Avenue, Room T-947
Pittsburgh, PA 15224

We understand a blood drive will be held in District 22 on July 11, 2011. Alice will be coming to the State Convention on Thursday, June 23, 2011 and she will be able to give us information on the location of the blood drive.

Let's continue to keep Gary in our thoughts and prayers for a fast and speedy recovery.
