Department Headquarters has been notified of the following:

Harry Carper, Department Hospitality Chairman, is currently hospitalized with a hairline fracture of his hip, which occurred upon his return from National Convention. He slipped and fell on a roaster which was sitting outside the trailer while unloading luggage.

Thinking of You/Get Well wishes may be sent to Harry at his home address 66 Middle Road, McVeytown, PA 17051.

Please keep Harry in your thoughts and prayers during this recovery period. We trust he will be up and around when we attend the State Commander's Testimonial in October.
